Is there one sex tip you could offer our readers? My one tip with sex is the more you do things, the more you enjoy them! Don't get in the habit of saying you can't be bothered, always make the effort in the bedroom. **If a man wants to try being more adventurous in bed but isn't sure what his girlfriend thinks, how should he bring the subject up?** He should start with something small. Maybe suggest using a scarf to tie each other up, or a bit of ribbon – something that's not too daunting. I know a lot of girls who like to dress up as something cheeky, so maybe buy her a sexy new outfit and see how she reacts. **What kind of underwear makes you feel sexiest?** Anything that flatters a woman's figure makes it sexy. I loved the stuff I wore today, but normally just a bra and a little thong makes me feel really sexy! **Where's the strangest place you've ever been naked?** Lots of beaches, but that's not too strange. I've been in my undies in the snow up a mountain, though, which was freezing! I'd rather be naked on a beach every time! ➡

But I reckon a sex scene would be even easier if it was with a girl – you'd just have a giggle.

What time of the day is it best to have sex?

There's not really a bad time. In the morning's quite fun to start you up for the day! Mid-afternoon's a good time as well. And night. All the time, basically!

Where's the weirdest place you've heard of people having sex?

Nowhere really weird, although one thing I don't get is people who have sex in public toilets. That's not sexy at all!

Have you ever been to a strip club?

Yeah, I've been to quite a few! Spearmint Rhino and Stringfellows are really well run, so I like those. Strip clubs are good places to go for a drink with a group of girls to have a little dance and a giggle. I've also been to some shocking ones, though.

What's the rudest thing you've seen lately? I think the rudest thing I saw lately was on that *Rudetube* programme on the TV – there were some pretty screwed up things on that show. Some of it's hilarious but some of it's just wrong! There's one I haven't seen yet, about two girls and one cup, or something? I haven't seen it but I know what it's about and I don't want to see it!

If you were to host a naughty party what sort of thing could we expect? Well, if I was feeling really naughty, there'd only be two guests at my party!

What's the secret to creating a really romantic night, which could lead to some naughtiness later on? Set the mood by lighting some scented candles and cook your lady a nice meal. Or take her out and make sure you make her laugh! Just having fun can be a real turn-on. It's a good way to make a girl happy and more relaxed, which could definitely lead to more naughtiness.

One last question – what's a good way to spice things up in the bedroom? Women crave different types of sex, so it makes a change to use handcuffs or a whip once in a while. Don't use these things all the time, though – variety is the spice of life! ■

Manchester: home to United, City... and judging by Holly, some very fit girls! **Hi Holly! How does it feel to be in Nuts for the first time?** It's brilliant! I've never done a shoot for a magazine before, so it's a really big opportunity for me. I'm really excited. ➔

"Are you sure this
is the biggest
jacket they had?"

Tell us about yourself. I work in retail. I live at home with my parents and dog – I stay in shape by going for runs with him. I'm a shopaholic and I love my food!

What makes you stand out? I have a nice bum and boobs, and I'm quite natural-looking. I keep myself in shape, of course, but I think my natural looks help me.

How do you find bras that fit?

Well, that's the thing – if I buy a nice bra, you can guarantee I'll spill out of it! The clothes I wear on a day-to-day basis aren't half as nice as the ones I wore today.

What underwear makes you look sexiest? I prefer things like little French knickers. I think they're really flattering on a curvy girl. I'd team them with a balcony bra to give me a really good cleavage.

What kind of blokes tickle your fancy? I like dark hair and eyes. I'm not really into muscles, so a bloke doesn't haven't to be in great shape. As long as he has nice dark hair, a bit of a tan and a personality, that's bang on for me.

Where would your ideal date be?

I'm not too posh, so somewhere like Nando's would be a real treat.

Finally, have you ever snogged another girl? Erm... yes! I was on holiday and I knew her quite well, so it was just a bit of a laugh. She was really sexy, though. I do have standards, you know! ■
